Reaching Colombia Through The Next Generation

Fall 2009

The Rains Came Down and the Floods Came Up

You may have seen recently in the news that Georgia was soaked with record rainfall and flooding. God truly protected us! A couple of weeks ago we had a leak in our apartment that was coming from the roof, through the wall, down to our floor. Fortunately, our apartment maintenance was able to take care of the leak. Praise God it was caught before this storm hit! Amazingly, our apartment - a basement apartment and very close to the Chattahoochee River - was spared any damage! I wish we could say the same for all of our supporters and friends. Please continue to keep those affected in your prayers as many are dealing with loss or damage to their houses and some are dealing with the loss of loved ones. This was truly a devastating storm. We are praising God that we were fully protected through it all and continue to hold those still recovering in our prayers.

Colombian Presidency

In May 2010, Colombia will vote for a new president. The current president, President Alvaro Uribe, has served for two four-year terms. The Colombian Congress and Constitutional Court are considering allowing President Uribe to seek a third term. His approval ratings have stayed over 70% and he is expected to win another term if he is allowed to run in 2010.

Itineration Update

We have currently raised 40% of our monthly commitments needed to return to Colombia. We need your prayers as we continue to look towards April for our departure. If you have not yet joined us as a monthly financial partner, please considering becoming one now. **We need you!** Your monthly gift – no matter how big or small – will help us reach our goal of returning to Colombia in April.

We have not been short on blessings from the churches we have visited. Thank you for opening your doors and your hearts to our family. You have blessed us tremendously.

Prayer Requests

- Travel mercies as we continue traveling throughout the Eastern U.S.
- Continued good health and energy as we continue support-raising.
